PROPERTY RIGHTS STATEMENT TO DOE AND/OR NASA
(U.S.C. §§ 2182 AND 2457)
INVENTORS EMPLOYED BY AN ORGANIZATION

As a below named inventor, I hereby state that with respect to the invention in the above-identified application:

1. I am a joint inventor
2. The invention was made and conceived
 - (a) in Arlington Heights, Illinois, 60004 USA
 - (b) on or about August 18, 1998
 - (c) while we were employed by

Amersham Health, Inc.
3350 North Ridge Ave.
Arlington Heights, IL 60004

3. The invention was related to the work that we were employed to perform and was made within the scope of our employment duties. The invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of our employer.

These changes were first fully described in the document *BrachyLoader Summary of Design Changes*, February 17, 2003, the ideas being originally conceived in the later portions of 2002. The invention was developed in response to a perceived need to provide a superior system for loading Brachytherapy needles with radioactive Brachytherapy seeds.

4. That we envisioned the useful application of this invention to be in the field of Brachytherapy, more specifically as a device to load radioactive seeds into a cannula.

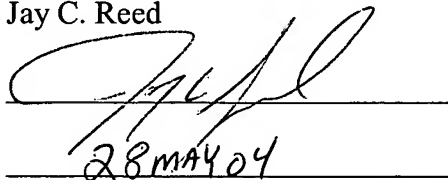

5. To the best of my knowledge and belief

- d. The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.
- e. The invention was not made (conceived or first actually reduced to practice) under, nor is there any relationship of the invention to the performance of any work, under contract of the National Aeronautics and Space Administration
